

Chernei Taras

Applying for a position of a QA Engineer

Summary

I am a purposeful, calm, good at establishing contact with people, communicative, I will find a solution to any problem. I am well organized and detail oriented which I believe is a key successfully managing responsibility.

Reason for applying for a job

Currently I'm focused on extending my Functional testing skills and I'm interested in learning and implementation Automated Testing Skills. My priority goal is to obtain a position in a company that offers a variety of challenging projects with growth potential in teams of individual and professional development.
